As of July 1 2008 MEA numbers are no longer provided, please see page 2:

"As of July 1, the administrative provisions giving authority to MEA have been repealed. New MEA applications are no longer accepted.

The Office of Technical Certification and Research (OTCR) has absorbed the functions of MEA. Please refer to the OTCR webpage (<http://www.nyc.gov/html/dob/html/model/otcr.shtml>). OTCR now recognizes products that are code-prescribed and can be used without DOB/OTCR evaluation or approval. Some code prescribed products may require listing and labeling. Alternative products (not code-prescribed) will be evaluated by OTCR for compliance and acceptance in NYC. Please refer to the OTCR Product Recognition Matrix (http://www.nyc.gov/html/dob/downloads/pdf/otcr_product_recog_matrix.pdf) for more information.

Regards,

Director of OTCR"
