

BULLETIN # A-87-2009-P

From: Parts and Service Department
To: All Authorized Service Agencies

Date: August 7, 2009.

PRODUCT: GARLAND MCO FULL-SIZE GAS & M+ CONVECTION OVENS
SUBJECT: GAS CONVERSION KITS

When placing an order for any of the following gas conversion kits listed for full size MCO ovens from serial number 0709100242026 and forward, and also for the MPO full size oven conversions to natural gas, equipment serial numbers will be required in order to create a new rating plate. New equipment rating plate must specify the gas conversion in order to meet agency compliance. Before requesting any gas conversion kits, serial numbers for each unit to be converted must be provided at time of ordering.

Note: Propane gas conversions are not available for the MPO full size ovens.

KIT P/N	DESCRIPTION
4526640-1	CONVERSION KIT - MCO (60,000 BTU Natural to 60,000 BTU Propane gas)

4526640-6	CONVERSION KIT - MP (60,000 BTU Natural to 80,000 BTU Natural gas)

ATTENTION:

Gas conversion kits must and are only to be installed by Garland authorized service agencies or sub agent service centers in accordance with manufacturer's instruction's and all applicable codes and requirements of the authority having jurisdiction. Disregard of the information in these instructions can result in a fire, an explosion, or the production of combustion by products which may result in property damage, personal injury or loss of life. It is the responsibility of the service agency or their agent to ensure the proper installation of these kits. Once completed, the conversion must be checked and verified through proper operation of the unit.
