

DRIP PAN NOTIFICATION FOR GARLAND CHAR BROILERS

Notice: The shallow depth drip pans supplied with this kit are provided to replace the deep depth pans on your current Garland model GXRN broiler. This pan(s) when installed correctly will maintain a 2” air space between the base of the broiler and the refrigerator top. Remove the deep pan(s), discard of them and replace with the shallow pan(s) supplied. The shallow pan(s) are the same width and depth and are designed to fit exactly the same way. Insert the pan(s) into the slides on the underside of the broiler body.

DO NOT place the pans on the refrigerator top.

New Shallow Pan

Old Deep Pan
